Support the 2021 St. Catherine Challenge

Whose up for the St. Catherine Challenge (#AOTFSCC) to support Intervention Research Grants (IRGs) to build evidence together?! As creativity is one of the key strengths of OTs, we’re excited to see what ideas the OT, OTD and OTA teams come up with this year.

The St. Catherine Challenge, a national student-driven fundraiser, will once again aim to fully fund an AOTF Intervention Research Grant. IRGs fill a critical gap in OT research funding by providing financial support for a 1-year, early stage, research study. This OT research is vital to strengthen evidence-based practice and improve the delivery of care.

93% of IRG Grantees RECEIVED Federal Grant Funding

Fund Your OT Research: Apply for 2020-2021 AOTF Research Grants

Whether your OT research involves taking evidence-informed practice from theory to reality, new and/or novel ideas in order to generate preliminary data as proof of concept or examines how people get access to health care and at what cost, AOTF has a grant for you.

Submit LOI by Oct. 1:

- Implementation Research Grant
- Intervention Research Grant
- Health Services Research Grant
